Aloha Ku'ulei,

On behalf of the Diamond Head Clubhouse and myself, we would like to express our deepest gratitude to Aloha Harvest for the abundant food donations that you have supplied to our program. All of our program patrons have a severe and persistent mental illness (SPMI), as well as live below the poverty level with very limited incomes. The food donations that are provided through Aloha Harvest have been an invaluable support.

Last year we provided an average of more than 400 meals every month to our clubhouse members. Our clubhouse membership is currently experiencing a growth spurt increase which under normal circumstances would make it nearly impossible to meet food demands for meals. Thanks to Aloha Harvest, we are able to accommodate the increasing demands. We cannot thank you enough!

Respectfully Yours,

Paul Newell
Clubhouse Director
