Aloha ,

We would like to express to you how truly grateful we are for all of your support with our Loaves and Fishes program. Because of the support from Aloha Harvest we are able to help feed so many in need.

Currently we are distributing 1 bag every 2 minutes in our 2 hour window of operation twice a month.

We are privileged to be partner members with the Aloha Harvest. The office staff and the drivers are very professional, and caring. The trucks are always clean and that is a big must in the food business.

The food and drinks we receive just put a huge smile on everyone's face.

The best part is that the food they receive from KFC and Starbucks is something they can't afford . So it is a huge treat for them, as well as it is being ready to eat, no cooking needed just warming up.

Aloha Harvest you are a blessing to us all. As you know feeding the needy and the homeless is a big job . You all just make it so much easier for us here at Ewa Beach UMC. The smiles and hugs from our clients (homeless) are shared with you as well.

Mahalo for all you do and God bless ,

Rev.
