

# GREGORY HOUSE PROGRAMS

April 20, 2009

To: Ku'ulei Williams  
Chris Chun

From : Gregory House Program  
Jeff Finch  
Housing Case manager

I'm writing this letter to show the great appreciation that we have for the work your agency provides. We have worked with Aloha Harvest for years with our Makiki shelter. We currently have started receiving food donation at our Waipahu location as well. I was completely amazed on how easy and prompt your agency has been about providing support to our Waipahu location.

Over the past years your donations have touched the hearts of so many that have called Gregory House home. Many of our clients come to us off the street. With health issues and or a lack of nutritional needs being met. A warm meal is something that not many have had.

Our clients are blessed with ongoing support from local food banks. With such items like, canned goods and other non-perishable items. It's the prepared food that your agency provides. That warms the hearts of all of our clients. Your food items have provided many meals for those that have not been well enough to get out of bed and make a meal on their own. To have a little something in their system to take the abundance of medication one might have to consume daily. It's your donations that help provide that support to our clients.

In closing I would like to also show our appreciations to the employees of your agency. Each of the drivers that have delivered to our agency. Have come to us, with hearts on their sleeves and a great appreciation for what they do. The smiles of your drivers have made each aloha harvest visit that much better. Gregory House Program looks forward to the ongoing community support that your agency provides.

Sincerely;
