Dear Mrs. Williams,

On behalf of Surfing The Nations I would like to extend our extreme gratitude to Aloha Harvest for your 12 years of partnership in helping us feed Oahu's neediest families every week. The 370,000 pounds of food donated to the efforts of Surfing The Nations allows us to meet the ever increasing need for food assistance on this island.

From our humble start of 7 families a month to our current state of 2,500 families a month, Surfing The Nations feeds those in need on the South, Central and West parts of Oahu. This growth would not be possible without valuable partnerships such as that of Aloha Harvest.

Thank you for the time and coordination you put into making drops like ours possible. Because of your efforts this island is a better place.

Sincerely,

Jeremy Seick
