

# Got excess food?

**In 2020, Aloha Harvest rescued and redistributed 2.7 million+ lbs of good food!**

## Help feed Hawai'i's hungry

- Aloha Harvest is the largest food rescue nonprofit in the state. Seven days a week, free of charge, we rescue quality excess food from donors and redistribute it to recipient agencies feeding the hungry.
- Our 360 food donors include wholesale distributors, grocery stores, restaurants, and hotels.
- Our 273 recipient agencies include homeless shelters, social services, food pantries, and veterans facilities.

## Impact of food rescue

- In Hawai'i, about 1 in 5 people depend on food pantries for assistance. Yet 237,000 tons of good food is wasted annually.
- Help us ensure that good food goes to our 'ohana in need rather than being incinerated and thrown in a landfill.
- Protect our environment by reducing waste, and strengthen our local economy by utilizing the food resources we've already paid for.

## Become a food donor

- There is NO danger of liability, thanks to the Bill Emerson Good Samaritan Food Donation Act.
- Get a tax break for donating your excess food! We provide you with a monthly donation receipt.
