

# Become a Recipient Agency

In 2020, Aloha Harvest rescued and redistributed 2.7 million+ lbs of good food!

## Help feed Hawai'i's hungry

- Aloha Harvest is the largest food rescue nonprofit in the state. Seven days a week, free of charge, we rescue quality excess food from donors and redistribute it to recipient agencies feeding the hungry.
- Our 360 food donors include wholesale distributors, grocery stores, restaurants, and hotels.
- Our 273 recipient agencies include homeless shelters, social services, food pantries, and veterans facilities.

## Apply for partnership

- Any organization that distributes food to the hungry on O'ahu can apply to become an Aloha Harvest recipient agency.
- Frequency, volume, and content of food dropoffs to recipient agencies is based on what we rescue each day. In general, we rescue and redistribute a mix of fresh produce, dairy, breads, frozen & dry food items, and water/soft drinks.
- Agencies should not rely on Aloha Harvest as their sole food source, since our supply varies day to day. Please plan to supplement with donations from other sources and purchased items if needed.
- Please fill out our Partner Agency Application and Release form at the web link below, or request a paper copy. Once we've reviewed your application, our Field Service Coordinator will schedule a walk-through of your facilities and schedule your first delivery. Our Operations Manager will be your contact for all future deliveries.
