What is Aloha Harvest?

At no charge to food donors or recipients, Aloha Harvest rescues quality excess food from 250+ donors (wholesale, grocery stores, restaurants, farms, events, etc). AH same-day delivers that food to 175+ social service agencies that distribute it to those in need, including those who are unemployed, homeless, disabled, mentally ill, and veterans.

What does partnership for food donors look like?

Our drivers pick up excess food from food donors 7 days a week, 5:30am to 2pm. We establish regular schedules with most food donors (like every Mon, Wed, Fri) and/or do pickups as needed. We accept almost all forms of quality excess food: fresh, frozen, prepared, raw, dry, etc.

Why partner?

Aloha Harvest is the largest nonprofit doing this work in the state of Hawai`i, acting as an essential collaborator with local food banks and social service agencies. In Hawai`i, 1 in 5 people rely on food pantries for assistance and yet 237,000 tons of good food is wasted annually. Since Aloha Harvest's founding in 1999, we have rescued over 24 million pounds of quality food and gotten it into stomachs instead of landfills. That number can be much higher. By partnering with us, you help to ease both food insecurity and environmental footprint. Less food in landfills = less greenhouse gas emissions. You'll also receive food donation receipts that you can submit for tax credits.

Food safety

Aloha Harvest was planned using Department of Health guidelines, setting up a system for the sanitary and efficient handling of food. We require all our drivers to successfully complete the Hawai`i State Department of Health Food Handler Certification Class. Our vehicles are refrigerated to ensure food maintains safe temperatures during transport. Our vehicles are sanitized, inside and out, on a biweekly basis by a professional cleaner.

Protection from liability

Donors of excess food are protected from liability by two laws, one at the federal level and one at the state level.

Federal - Bill Emerson Good Samaritan Food Donation Act of 1996 (42 USC § 1791)

(c) Liability for damages from donated food and grocery products.

(1) Liability of a person or gleaner.

A person or gleaner shall not be subject to civil or criminal arising from the nature, age, packaging, or condition of apparently wholesome food or an apparently fit grocery product that the person or gleaner donates in good faith to a nonprofit organization for the ultimate distribution of needy individuals.

State - Hawai`i Good Samaritan Donation of Food Act (HRS 145D §-1, §-2, §-3, §-4, §-5)

[§145D-2] Exceptions to liability. (a) Any donor of food products, who in good faith donates the food for the use or distribution by a charitable, religious, or nonprofit organization to needy persons shall not be liable for any civil damages or criminal penalties for any injuries or illnesses including, but not limited to injuries or illnesses resulting from the nature, age, condition, packaging, or handling of donated food products, except for such damages as may result from the donor's negligence or wanton acts or omissions.
